Dear Valued Customer:

Recently, the United States Federal Communications Commission ruled that, beginning July 1, 2005, it will be unlawful to send by fax any unsolicited advertisements. This could include price lists and other important information that we routinely share with customers to inform you of the most up-to-date information.

The FCC permits faxes only to businesses or individuals who expressly authorize them. To ensure you continue to receive information from us, please complete the attached form and return it to us. Only by doing this will we be able to continue to send to you important faxes.

If you have any questions about this, please do not hesitate to call.

Sincerely,

Kevin Chesshir  
Director of Sales & Marketing
